

Call for Papers
The Open Spectroscopy Journal

Special Issue On:
**The 6th International Conference on Optical Spectroscopy,
Laser and their Applications**
07-09 April 2015, NRC, Cairo, Egypt

Guest Editors:

Ahmed A. Fakhry
Professor of Applied Spectroscopy
Spectroscopy Department
National Research Centre
Dokki, Cairo, Egypt

Medhat A. A. Ibrahim
Professor of Applied Spectroscopy
Head of Spectroscopy Department
National Research Centre
Dokki, Cairo, Egypt

Aims & Scope:

This conference aims at integrates both basic and technical sciences for bridge the gap toward building the new Egypt on the basis of science and technology. The special issue will cover the papers on Spectroscopy and Spectral Analysis for creating a stage to exchange the latest research results and sharing the advanced research methods.

The conference aims to publish papers dealing with novel experimental and/or theoretical aspects of molecular and bio-molecular spectroscopy. It also includes the fundamentals, methodology development, instrumentation and applications of spectroscopic methods of analyses.

Tentative Subtopics:

- Infrared and Raman spectroscopy
- UV - Visible spectroscopy
- Fluorescence spectroscopy
- Time resolved spectroscopy
- Terahertz spectroscopy
- Molecular spectroscopy and dynamics
- Laser in spectroscopy: methods and applications
- Theoretical methods and simulations on spectroscopy
- Computational methods for spectroscopy

The papers will be initially screened by the special issue editors, and then send out for blind peer review in accordance with the procedures of The Open Spectroscopy Journal.

Manuscripts will be submitted by e-mail to medahmed6@yahoo.com. Before submission, authors should carefully read Author Guidelines, which are located at: <http://benthamopen.com/tospecj/MSandI.htm>

Important Dates:

The special issue is scheduled for publication in 15/11/2015

Submission of manuscripts: 15/04/2015

Revised manuscripts due: 30/07/2015

Acceptance/rejection notification: 05/08/2015
