

BENTHAM OPEN

THE OPEN BIOMATERIALS SCIENCE JOURNAL

The Open Biomaterials Science Journal is an Open Access online journal, which publishes research articles, reviews/mini-review, letters, case reports and guest edited single topic issues in all areas of biomaterials, biomedical device application, bioengineering, tissue engineering and medical items.

The journal encourages submissions related to the following fields of biomaterials science:

- Medical Materials
- Management of Device
- Structural Biomaterials Applied to Medicine
- Orthopedic or Dental Implants
- Oral Surgery
- Maxillofacial Surgery
- Plastic Surgery device
- Operative Medicine
- Fixed and Removable Prosthodontics
- Biomaterials Science
- Clinical Trials
- Translational Research

The Open Biomaterials Science Journal, a peer-reviewed journal, is an important and reliable source of current information on important recent developments in the field. The emphasis will be on publishing quality papers rapidly and freely available to researchers worldwide.

Each peer-reviewed article that is published in a Bentham OPEN Journal is universally and freely accessible via the Internet in an easily readable and printable PDF format.
