

BENTHAM OPEN

THE OPEN PAIN JOURNAL

The Open Pain Journal is an open access online journal, which publishes original full length, reviews, short research articles (letters) and guest edited single topic issues in all important areas of pain research including pain medicine, genetics, neurology, internal medicine, clinical pharmacology, child neuropsychiatry, anesthesiology, rheumatology, otology, dentistry, neurotraumatology, neurosurgery, meta analyses of drugs for pain management and clinical studies.

The Open Pain Journal, a peer reviewed journal, is an important and reliable source of current information on recent developments in the field. The emphasis will be on publishing quality articles rapidly and making them freely available worldwide.
