The Open Cybernetics & Systemics Journal

Thematic Issue

Fuzzy Sets Theory

Guest Editor: Francisco Gallego Lupiañez
                University Complutense of Madrid, Spain

Call for Papers

Aims and scope:

This issue welcomes all researchers, academicians, and practitioners on all areas related with fuzzy sets theory. It publishes original and innovative research on all subjects related with fuzzy sets theory, as Fuzzy Sets and Systems, Fuzzy Mathematics and Systems with Applications, Fuzzy Engineering, Fuzzy Information, Artificial Intelligence, Fuzzy Operation Research and Management, Fuzzy Logic, Soft Computing,.. .

Papers can contribute to new developments in this areas or be some interesting survey on these sujects.

Before submission, authors should carefully read over the journal's Author Guidelines, which are located at:

http://www.benthamopen.com/TOCSJ/instructions-for-authors/

Submission of articles, before: September 15, 2017

Peer-review process: September – December 2017

Notification of the decision: December 2017

Publication of the special issue: April 2018

Prospective authors should submit an electronic copy of their complete manuscript at the guest editor of this issue:
